

EXPO BUILD CHINA 2012

2012.4.9-4.12

Shanghai New International Expo Center

ExpoBuild China 2012 - A Remarkable Show with high Quality Standards

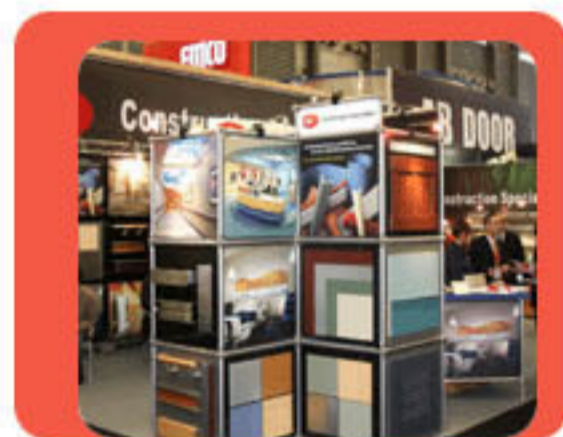

As The China building market is heading towards two important elements design building and energy-efficient building, Expo Build China is targeting this mission in providing sophisticated designs and green building technologies. Due to the successful results in 2011, the show is expected to increase the space and the number of visitors in 2012.

"Green"- the talk of the hour and a famous yearly trend at ExpoBuild which will host Eco-build UK in 2012 - the most effective marketing platform for suppliers of sustainable and innovative construction products and services, attended by the most influential individuals and organizations in design and construction; solar energy system for water and electricity saving, energy-efficient heating and cooling systems, sunshades, wooden floors, wooden structure, green coating system along with many green designs and ideas.

Located In Hall W3 ExpoDeco boasts with international brands, premium building products and elegant designs. ExpoDeco holds many architectural displays, interior design and educational events such as; Eco-building & Urban Development Forum; 2011 Low-Carbon Summit on Sustainable Development and others.

Doors and windows is an important section at ExpoBuild which features intelligent innovation, high-tech, safe, censored and other kinds of doors and windows. In 2011 famous brands like Schüco and Tostem introduced new technologies and designs and gained many interested clients.
